

CLIPBOARD

PRODUCT DESCRIPTION

Advertising conference clipboard

A proven office gadget with a clipboard for pressing sheets of paper is one of the basic tools at conferences and during meetings where it is necessary to jot down a lot of data and information. By choosing our product, you bet on high quality and aesthetic appearance. CPO-900 clipboards are available in two sizes - 230 x 315 mm and 215 x 305 mm.

Highly visible, large advertising space

Made of hardcover, this gadget allows you to place two large, clear graphics, one of which will be visible even if the other is covered by cards, especially during stage presentations, meetings and training sessions. It's a good ideal choice also because good quality clipboards can last for many years, giving you the same long-lasting promotional effect.
